WORLD NEWS IN REVIEW

STATE OF THE NATION

Headlining President Roosevelt's report on the state of the nation Wednesday was his warning to Congress that a "deadline of danger" faces democracy from within and without.

In a message, not to the House and Senate alone but to the Nation and World as well, the president said:

"We are off on a race to make democracy work," and that challenge must have reached the ears of millions whose allegiance—forced or real—is to dictators.

He said the time was short—"The hour glass may be in the hands of other nations."

Foreign storms, he charged, now challenge three institutions indispensable to Americans.

These are:

1.—Religion.

2.—Democracy.

3.—International good faith.

"There comes a time," he continued, "in the affairs of men when they must prepare to defend NOT their homes alone but the tenets of faith and humanity on which their churches, their government and their very civilization are founded.

"To save one we must now make up our minds to save all."

AT SACRAMENTO

The ugly head of graft investigation was reared again at Sacramento as Governor Olson made public the news that he had telegraphed ex-Governor Merriam asking for the suppressed Philbrick report on legislative graft, with intent to make it public at once.

He said a search of the executive offices had failed to uncover either the report or an extensive file on the Tom Mooney case.

Another sour note at the state capitol was the news that the state relief till is empty.

MORE THAN MEETS THE EYE

Although the Nazi newspapers dubbed the Pan-American Conference as "U. S. Failure No. 1," experts pointed out that buried beneath the squabble over the Declaration of Lima were several projects which might be expected to put a definite crimp in the dictator countries. Chief of these were:

A unanimously passed resolution recommending legislation to prevent foreigners resident in the Americas from exercising collective political rights claimed for them by their countries of origin. Under this restriction it is doubtful whether even a U. S. citizen resident in a Latin American State would be allowed to exercise his absentee vote in the U. S. Hence the U. S. delegation voted for a measure which, if passed, would probably be most unpopular at home. But the measure's chief benefit was obviously to Argentina, Brazil and Chile, where large German and Ital-

76th Congress Knuckles Down to Work

Both new and familiar faces were seen in the halls of congress as the nation's legislators opened their seventy-sixth session Tuesday. Above, with gavels, are Speaker William B. Bankhead, house ringmaster, and Vice President John N. Garner, presiding officer in the senate. Center: One of the new senators, California's Sheridan Downey, examines his desk. The Republican minority in the new congress boasts 81 more representatives than last year, and eight more senators.

D C CHAMBER OF COMMERCE OUTLINES 1939 OBJECTIVES AT INSTALLATION BANQUET

Formulate Plans To Entertain World Fair Guests

Enthusiastic plans for the best year Daly City has yet seen were laid Wednesday evening at the banquet and installation of the Daly City Chamber of Commerce, held at the Villa Mateo. Following the dinner, which was well attended, members of the chamber, in informal discussion session, outlined salient points of a 1939 program.

Several members voiced the need for highway designation on the two main arterials via which thousands of World Fair visitors will travel through Daly City. Mayor Paul G. Selmi announced that the city council already had completed plans to install neon signs at either end of the community.

In view of the unprecedented numbers of people who will be here or will travel through during the fair, it is planned to carry out a complete community decoration project. Entertainment features, slanted to appeal to out-of-towners, are also under consideration.

COMMUNITY CENTER

What might be described as the major service project of the chamber for 1939 will be a concentrated drive to get a community center for Daly City. Such a center is badly needed, and would provide the hub around which all community social and organizational activities might radiate.

Recognizing that securing such a center would entail long, hard work, several pioneer members of the association pointed out that cooperation and steady endeavor were paramount requisites in such a major drive.

It is also planned to secure a service by which credit ratings of local residents will be available. It was pointed out that this would be mutually valuable to both merchants and buying public.

The proposed Daly City Directory was also discussed. This publication, to be printed before the opening of the 1939 fair by The Daly City Record, will be a thorough pictorial and written directory of all local businesses, organizations, city departments; it will also point out the residential advantages of this city. The book will serve to acquaint residents here with all phases of their own community and to interest out-of-towners in Daly City. A copy will be placed in every local home and approximately 5,000 will be placed in the SFPI booth on Treasure Island.

NEW BOARD

Retiring officers of the Daly City Chamber of Commerce were: president, P. L. Peterson; vice-president, B. L. Meritt; secretary, Albert H. Boynton; treasurer, Charley Williamson and sergeant-at-arms, Grant Williams. Members expressed appreciation for the fine service of the group during the past year.

The newly installed board of directors includes: A. J. Gaggero, A. Conci, Mayor Paul G. Selmi, R. L. Crane, jr., B. L. Meritt, Fred Knoll, Al Bulf, John Sireix and E. Keithly.

NEW CITY HALL IS ONE-FOURTH COMPLETE NOW

Today's Inspection Reveals Fine Progress

Public Works Administration Project No. 1838, Daly City's new city hall, is one-fourth completed according to reports of PWA Resident Engineer Inspector Julius F. Castelan. The announcement was made following a general inspection today of the progress of all work to date.

The city hall, to cost $61,800 when complete, is being financed by a Federal grant of $27,800 and $34,000 supplied by the City of Daly City.

Today's inspection revealed that progress on the building was satisfactory and well ahead of schedule.

The PWA resident engineer reported to his superiors at the regional director's office, San Francisco, that the general contractor, H. H. Larsen, had met the high standards set forth in the specifications drawn by Will H. Toepke, city architect.

Federal engineers complimented the general contractor's superintendent, Frank Atkinson, and the Daly City inspector, Ernest Cuneo, for the fine way in which this work is being carried out. Their reports stated residents in Daly City should be proud of the way that work is going on their new city hall which will be ready before summer. Mayor Paul Selmi and all city officials concerned have shown a fine spirit of cooperation in meeting the government's recovery program under the Public Works Administration. This project compares favorably with the hundreds of others that are being carried on in this state and the thousands throughout the nation which are being constructed with Public Works Administration funds, according to the regional PWA office.

REAPPOINTMENT

Ida May Lasswell, Luella Pepper and Bert Lasswell of Lasswell and Company, local mortuary, were reappointed this week as deputy coroners.

In naming the local deputies, County Coroner William Crosby declared, "I have acted to organize an efficient staff which will give the county the utmost service."

Bank Manager Predicts Improvement

Carl E. Newman, manager of the Daly City branch of Bank of America, sees in 1939 a year of steady business improvement for the entire San Francisco bay area.

"Our branch has shared in the splendid progress which the entire Bank of America organization has made in 1938, which progress is indicated by the bank's statement of condition at the close of the year," he said.

"The impulse of travel to the Golden Gate International exposition is bound to be felt by business in our own, as well as every other, community in the state. Money put to work through the further utilization of the bank's many loaning services for domestic and business needs will also speed up the movement of trade.

"A. P. Giannini has often said, 'You can't keep California back.' His words are equally true as applied to our own community for 1939."

Defend Present Ambulance Service

Opposition was offered Wednesday to the proposal of Col. Robert A. Roos of Hillsborough that a 24-hour first aid station, high speed ambulance service and a sub-station of the San Mateo county unit of the state highway patrol, be established at Mills Field.

Denying charges of inadequacy, Donald Johnson of South San Francisco and Dr. Lawlen A. Drees, head of Junipero Serra hospital, in letters to the board of supervisors, defended the present ambulance service.

Johnson, who operates a private ambulance service, asserted that Col. Roos' criticism of the service "is not properly based on fact." Johnson stated that he maintains a 24-hour ambulance service and invited the board to make an inspection.

At Wheat Parley

Joseph P. Kennedy, United States ambassador to Great Britain, is chairman of the International wheat advisory committee which will begin its deliberations in London next Tuesday. The last world wheat conference, held in July, postponed action on a proposed quota system for marketing surplus wheat. Since that time world surpluses have increased considerably.

D. C. Band Appears At New Year Game

Daly City's 40-piece uniformed band represented this community well at the East-West annual Shrine football classic Monday at Kezar stadium.

Fine marching and snappy music drew the attention and applause of thousands who traditionally attend the East-West game.

The band is rehearsing every Tuesday evening in preparation for a schedule of 1939 appearances. Musicians who may wish to join the organization are invited to make application to President Fred Mather or Bandmaster George Brenner. Rehearsals are held at 6045 Mission street.

D. C. Recreation Dept. Reopens Club

Now that the high school gymnasium has been reopened after the Christmas holidays, the Daly City Recreation department will continue its Men's club each Monday night from 6:30 p. m. to 9:30 p. m. during which time the members may play hand ball, badminton, ping pong and participate in other gymnastic activities.

On Wednesday nights from 6:30 p. m. to 9:30 p. m. the Jefferson high school gymnasium will be used for basket ball among the grammar school students. A league is now being formed and it is expected the schedule will start on Wednesday, January 18.

On Wednesday, January 11, the Jefferson grammar team, basket ball champions for 1938, will meet a championship team from San Mateo at the Jefferson gym at 8 p. m. There is no charge for admission.

BASEBALL GAME

On Sunday, January 8, the Daly City Recreation department baseball team will cross bats with the California Building Maintenance outfit. Game to be called 12 o'clock noon.

COUNTY BOARD OF SUPERVISORS REAPPOINT OFFICERS FOR '39 AT FIRST MEET HELD TUESDAY

Local Man Gets County Road Post

John Matzek, 20-year resident of Daly City and manager of the H. H. Smith Lumber yards, was appointed to a San Mateo county road foreman post Tuesday.

Matzek has had previous road engineering experience in construction and maintenance. Immediately after the World War in which he served as a United States soldier, Matzek was engaged in road work in the vicinity of Santa Cruz.

H. H. Smith jr. will take over Matzek's responsibilities as manager of the local lumber yards.

FAHEY SERVICE

Jack Fahey, Daly City councilman, formerly was roadmaster in Northern San Mateo county. He served for a six month period before the new charter was adopted, and has put in three and one-half years since that time under the administration of Engineer Marshall.

Traffic Death Is First in County

First victim of 1939 San Mateo county traffic accidents, Edward Harbold, 32, 793-B Nineteenth street, San Francisco, died Tuesday night in a San Francisco hospital.

He was injured early New Year's day when a car in which he was riding failed to make a curve on Junipero Serra boulevard at Nineteenth avenue, Colma, and rolled over an embankment.

Harbold was transferred to the San Francisco hospital after his left foot was amputated at Junipero Serra hospital here.

Floral Industry Aids SFPI In Publicity Drive

Because eastern customers addressed inquiries about Los Altos-grown floral ornamentals to the Los Angeles Chamber of Commerce, George R. Keith, prominent Peninsulan and a leader of the Peninsula's $5,000,000 floral industry, decided to do something about it.

The result was the recent formation of the "San Francisco Floral Institute—Peninsula Section," a non-profit organization which has adopted a butterfly emblem bearing the words, "San Francisco Peninsula."

In cooperation with San Francisco Peninsula, Inc., community development association of San Mateo and Northern Santa Clara counties, the floral group proposes to publicize nationally one of the industry's newest and most interesting branches—the shipment of fresh California redwood wreaths, acacia blossoms and eucalyptus sprays, wrapped in cellophane, to New York and other eastern cities.

"Ninety-five per cent of America's commercial acacia is grown between San Mateo and Los Gatos," Keith asserts, "and Peninsula redwoods bud in December, three months ahead of other areas. Moreover, few people realize the winter appeal to frost-bound easterners, of our colorful toyon berries, easily grown commercially, peppers, and other winter-flowering trees and shrubs. A great new industry is developing like magic right on the borders of San Francisco."

Each package shipped east, according to Keith's plan, will carry, in addition to the butterfly emblem, a folder describing the residential, climatic and scenic advantages of San Francisco's nearby Peninsula suburbs.

CONTROLLER KANE TO APPOINT DEPUTY

Controller Thomas J. Kane, who took office Tuesday, announced that his only immediate appointment would be that of George Filbert as his chief deputy.

Kane also disclosed that his office will make full use of the Hollerith bookkeeping machine for a three-month trial period.

"The county has an unexpired contract for the use of that equipment," he said. "The only way to find out if it can do our work efficiently is to give it a trial. That I propose to do."

It was stated that the service division has been working for nearly a month on the task of setting up the controller's accounts for the machine.

Executive Must Nominate Building Inspector, Health Director

The board of supervisors Tuesday reappointed all county officers under their direct supervision.

Only officials not reappointed were County Health Director Charles C. Gans and Building Inspector H. W. Watson jr. Candidates for these offices must be nominated by the executive.

Reappointed by unanimous action were Agricultural Commissioner Max J. Leonard, Fire Warden Bert L. Werder, Sealer of Weights and Measures W. H. Poly and his deputy, Mathew M. Grady, County Librarian Clara B. Dills, Milk Inspector J. J. Garland, Veterinarian W. C. McLean, and Planning Commission Engineer Ronald Campbell.

District Attorney Gilbert D. Ferrell announced reappointment of all five members of his staff.

Assessor Daniel P. Flynn and Recorder T. Clark Rice announced there would be no changes in their offices. Tax Collector Ambrose McSweeney said Mrs. Clare Roberts would succeed Mrs. Mildred Oneto.

The Burlingame Advance was designated the legal publication of the board for the ensuing year.

Meanwhile, prospects of political conflict between Executive Frederick Peterson and Engineer M. A. Grant loomed as the latter discharged T. J. Morrison, appointed late last month as foreman of the county garage in Redwood City. Grant signed Morrison's discharge papers and pay check Tuesday morning as one of his first official acts. George Miller, ex-foreman in the garage, was named Morrison's successor.

While Peterson denied there would be any row over the removal, it was learned that the county executive may seek to force Grant to keep Morrison on the payroll under a charter amendment which gives the executive administrative power over all county buildings.

Grant said he would make no further appointments immediately than those already named.

BUTANO FOREST DEAL IS CAUSE FOR ARGUMENT

County Executive And Board Disagree On Plan

First serious conflict of opinion between County Executive Fred Peterson and the new board of supervisors arose at Tuesday's inauguration of the new county administration.

It was precipitated by the proposed deal for acquisition of 3120 acres of the Butano forest by the county for $300,000.

RESOLUTION

The new board, with Supervisor John Lynch of Burlingame seated, adopted a resolution declaring the county's intention to buy the property after an hour-long argument during which Executive Peterson served notice that he was opposed to the county spending $300,000 before a thorough investigation had been made to:

1. Determine public opinion.
2. Determine the assessed valuation of the property.
3. Determine possibility of state and federal aid, and whether the neighboring counties are willing to participate in the cost.

The supervisors voted to proceed with negotiations with Stanford university after a dramatic appeal from Winfield Scott, "father" of the Butano movement, who warned that logging operations threatened to swallow up the entire Butano area unless this county took the step to save it for a public domain.

DR. CALLSEN ILL

Dr. F. P. Callsen of Wellington avenue, who was removed to Saint Mary's hospital a week ago, suffering from a nervous break down, is reported as doing nicely. His many friends wish him a speedy recovery.

Safety Rules For Using Wheel Toys

Toys on wheels have their place—but that place is away from traffic.

Safety for children in the enjoyment of wheeled Christmas gifts such as bicycles, skates, scooters, and wagons is a responsibility of parents as well as motorists.

These thoughts were presented in a statement today by the public safety department of the California State Automobile association.

Urging upon motorists the need for increased care wherever children may be playing with wheeled toys, the statement also offered parents a series of safety suggestions to be impressed upon the child:

1. Use wheel playthings away from traffic, particularly when learning to skate or ride a bicycle.
2. Cross streets on wheeled toys only at intersections, obey signals, and keep eyes alert for traffic.
3. Never coast or ride downhill on a street or road leading into heavy traffic.

Billy Ferro, son of Mr. and Mrs. John Ferro, Mission street, is ill at his home suffering from an attack of the measles.

COLLEGIATES, PROS TO CLASH JAN. 29

Tickets have been placed on sale for the tenth annual Knights of Columbus and Disabled American Veterans football classic, to be played at Kezar stadium, Sunday afternoon, January 29, at 2 p. m. The game will officially close the United States grid season, and will bring together a great team of western varsity senior stars, headed by the nation's No. 1 All-American, Davy O'Brien of Texas Christian university, opposing a squad of all-pros from the National Professional Football league, probably co-captained by the famed "Slingin' Sammy" Baugh, and Mel Hein, "greatest professional player of this season."

Mr. and Mrs. Harold Purser left Tuesday morning for their home in Redding after spending the past three weeks with Mrs. Purser's parents, Supervisor and Mrs. H. H. Smith, Los Olivos avenue.

Mrs. Ellen McMillin, of Hillcrest drive, was a dinner guest New Year's day at the home of Captain and Mrs. Fred Winter, San Diego avenue.

Mrs. Laura Pescaro of Mission street was the dinner guest of her son and wife Mr. and Mrs. Richard Pescaro, at the Villa Mateo, Monday evening.

Local Policeman Builds Train Models

Policeman Kusber To Exhibit at Fair

Local Daly City Police Officer Joseph Kusber has established a reputation of note as a "model" policeman. This description might be thought to refer to his official activities (and his record is fine enough for that to be so) but it really applies to his ability at building model trains.

Officer Kusber, who lives at 60 Werner street, has been a Daly City resident for many years. "It's the nicest town in the world," he says with pride.

Imagine a machine shop with all the newest, brightly oiled gadgets—whatever their names.

And imagine a garage filled with tracks and purring miniature engines.

"I've always liked to build things," Mr. Kusber said. "Before I was on the police force I was a toolmaker and my brother Leo and I used to make little animated toys. And then, we somehow got started making wheels for model trains and from then on it just grew and we make the models for all the railroads now."

Their trains were exhibited by Santa Fe—a $75,000 job—at the San Diego exposition. Their models will be shown here at the San Francisco Fair, including a new one they are building for Union Pacific. It's the engine with a 12-wheel drive.

It takes about a month to make a complete model, with all its little insides working perfectly. And when one of the tiny trains has every rivet—sometimes 700—properly placed it is no poor man's toy.

"We also make up boxes with directions so that people who like to build their own can assemble the engines," Officer Kusber says. "It's surprising how many people are becoming interested in model trains. I guess the depression is over."

The model maker has designed his own machines for riveting and other gadgeting. He works with blueprints of the big engines. And he works at least six hours a day before going on police duty.

There are four members now in the firm of model makers: Mr. Kusber, who makes the engines and is mentor of the firm; his brother, Leo Kusber, who builds special cars; Rollin Lobugh, who builds passenger cars, and Merle Faber, who makes the flat cars and box cars.

Chief Will Answer All Queries On Traffic Rules

Editor's note—Traffic questions should be sent to Chief Cato at Sacramento. Answers will appear at an early date. Following are a number of important questions regarding California traffic regulations and their answers.

Q—Please tell me just exactly what a "Business District" is so I can have some guide when passing through cities. C. O. L.

A—A "Business district" is that portion of a highway and the property contiguous thereto, (a) upon one side of which highway for a distance of 600 feet, fifty per cent or more of the contiguous property fronting thereon is occupied by buildings used for business, or (b) upon both sides of which highway, collectively for a distance of 300 feet, fifty per cent or more of the contiguous property fronting thereon is so occupied. However a "business district" may be longer than that specified if the above ratio of buildings in use for business to the length of the highway exists.

Q—Due to litigation, following my father's death, a small trailer has been locked in my garage for more than a year. Not having used it in 1938, I did not register it. Now I want to use it, as I have secured a clear title. Must I pay the 1938 fee as well as one for 1939? F. L.

A—If you have not nor do not use the vehicle in any calendar year, upon the public highways, and make an affidavit to that effect, the Department of Motor Vehicles will waive the fee. Proper forms may be secured at any registration office.

Q—When can I pass another vehicle, proceeding in the same direction, to the right? M. L. K.

A—When another vehicle is making, or is about to make a left turn, or, on a city street when unobstructed pavement of sufficient width for two or more lines of moving traffic in each direction the driver of a vehicle may overtake and, allowing sufficient clearance, may pass another vehicle proceeding, in the same direction, either upon the left or right under conditions permitting such movement in safety.

Report Discloses Greatest Year

BANK OF AMERICA AT ALL TIME HIGH

Typifying the "banking that is building California," the year-end statement of condition just released by Bank of America shows that on December 31, 1938 loans outstanding aggregated $43,160,000 more than on the same date 12 months before. Deposits attained a total of $1,437,027,000, an increase of $79,649,000 over the 1937 year-end.

After payment of dividends to stockholders at the rate of $2.40 per share totaling $9,600,000, capital funds reached the high mark of $114,058,000, a substantial increase over the previous year-end high of $109,104,000 at the beginning of the year. There was added to Surplus and Undivided Profits the amount of $4,953,000 after provision of $3,639,000 reserve for depreciation on banking premises, amortization of bond premiums, etc., and $6,253,000 reserves applied to reduce carrying value of assets.

RESERVES REVEALED

Reserves of Bank of America provided as deductions from the carrying value of assets are shown in the statement of condition, with $9,533,000 provided for possible losses on outstanding loans, $5,997,000 reserved against bonds and other securities owned, and depreciation of $15,477,000 provided for bank premises, furniture and fixtures. The statement shows that securities, valued at $557,632,000 are carried at substantially less than the market value. L. M. Giannini, President, stated that 1938 earnings set a new high totaling $25,622,000. There was also allotted to the bank's personnel under its profit sharing bonus plan $1,175,000. This added compensation equalled 7½% of salaries up to $500 a month, and 5% of any portion of salaries in excess of $500 a month.

A NEW RECORD

Total resources of the bank for the first time rose above the billion and a half mark. The total was $1,574,721,000, a gain of $81,348,000 for the year. At the close of 1938, Bank of America branches in California numbered 494, serving 307 communities.

"In view of the prevailing adverse economic conditions during most of the year with consequent generally decreased bank earnings," Giannini stated, "it is particularly gratifying to present to the public such an outstanding report of healthy progress. This is due to the confidence in and support of the bank by its old and new customers, the wholehearted cooperation of its staff, and the fundamental economic soundness of California."

It's his cheery, friendly greeting
Makes your neighbor worth the meeting!

Hello, Neighbor!

YOU never realize how much that simple, staunch greeting you hear so often means unless you go away and hear it not at all—

"Hello, Neighbor"—you hear it on your way to work. It starts the day off right, gives you confidence, sends you forth with added zest, with fresh courage, and a new determination to remain worthy.

"Hello, Neighbor"—you hear it when you go to lunch. Somehow it makes the food taste better, makes you forget your worries, makes you expand with a glow of inward satisfaction.

"Hello, Neighbor"—you're greeted as you journey homeward. And all the rancor leaves you, you catch that sense of well-being, your troubles and perplexities leave you, life seems truly sweet.

'Tis strange how two such simple words can have come to mean so much. They do, though, because they catch and hold the entire essence of friendliness. One of life's greatest joys is the knowledge that the people around you wish you well, just as you wish them well. It takes a big load off your mind.

And what applies thus generally, applies with specific and added force to your economic load, to your living costs, to what your dollar will bring for you.

Naturally you'll get the best deal from the men who greet you and whom you greet as "Hello, Neighbor."

THE GUARDIAN OF FREEDOM

"Scorned in many lands, assailed even here, the Bills of Rights are the final safeguard of the individual," is the message contained in an article by James Truslow Adams in the New York Times magazine.

"In a time when personal liberties are being trampled under foot and when personal vengeance is not only condoned but encouraged by totalitarian leaders," writes this eminent American historian, "the greatest democracies must look again with new concern to their Bills of Rights. In such documents live the sum of man's victories over the forces of barbarism and oppression, and in their preservation lies the hope of man as a free individual.

"The Bills of Rights have been abandoned in the totalitarian countries. In Great Britain and in France there has been complaint against unofficial censorship. In our own America we have seen free speech and free assembly challenged—and upheld by the courts. Seeing these things, we cannot fail to realize that our own Bill of Rights, under the protection of the courts, is the sole guarantee of the liberties of the individual."

In this country, the Bill of Rights is the body of principles contained in the first ten amendments to the Constitution. And it is by all odds the most vital section of that great document of human freedom. The right to worship as one desires—the rights of free speech and free press—the right to petition the government for a redress of grievances—the right of trial by jury. All these and other rights without which human freedom is an empty term, are specified and guaranteed—the tenets of democracy, in firm, clear phrases.

And here is the final safeguard of the individual, as Mr. Adams says. Whenever we weaken any of these rights, no matter how little, we move a step toward authoritarianism. There never was a time in history when it was more important for a free nation of free men to again appraise and reaffirm the great principles laid down by the founding fathers in the Bill of Rights.

Features and Editorials

TROOP NO. 149

Friday night, December 23, the Cubs, Scouts, and Sea Scouts of No. 149 held their fifth annual Christmas party. The total attendance nearly hit the 100 mark.

The party began at 7:30 p. m. Numerous games were played. Suddenly all activities were stopped and a surprise was announced. Merritt Lewis, father of one of the troop's patrol leaders, had arranged for the showing of animated cartoons in both technicolor and sound. After this special treat was over refreshments were served.

The Sea Scouts then proceeded to do their daily good turn. They presented themselves in the capacity of a shore patrol at the Christmas tree party for the poor children at Civic auditorium, helping to keep the crowd in order.

TROOP NO. 141

Every active scout in Boy Scout Troop No. 141 went to the East-West football game Monday. Three scouts, Glenn Goode, Lawrence Christiansen and Eldon Prziborowski won out in the contest and got assignments as ushers. Scouts Frank Pate, Richard King, John Mosman, Henry Herting, Richard Russell, Allen Rigler, Kenneth Claussen, Donald Laston, Robert Sutherland, Ernest Anderson and George Adams all carried flags in the pageant of colors on the field before the game and between halves. Scout Edward McIntosh, who won an assignment as usher, gave his place to the next scout in line and attended the game with his parents.

The troop was permitted to send as many scouts as could be provided with parade size flags. The Daly City Record, Bank of America, Henry Warshawski and Grace Presbyterian church were kind enough to lend the troop their flags. The group takes this opportunity to thank them for their generosity.

Last Friday Scouts Edward McIntosh, Donald Laston and Richard Russell accompanied by Troop Committeeman Joseph Straughan, went to Hungry Hollow on a day hike. Lunch was cooked at the hollow. It consisted of vegetable soup, sizzled hamburger and other items of typical camp fare. After eating, a side trip was taken to a proposed troop cabin site.

TROOP PAPER OUT

The Deep Purple, revived troop paper, made its appearance a few days before the first of January. It is a very newsy little affair and reflects the efforts of quite a number of faithful scout workers.

Next Saturday afternoon marks the beginning of a Den Chief instruction course presented by the San Francisco Area council which is expected to prove valuable to all scouts and den chiefs who attend. All of the present lineup of den chiefs plan to go as well as several other scouts who aspire to den chieftainships.

"To Foster and Perpetuate 100 Per Cent Americanism"

The American Legion has one of the sections of its preamble as objective "to foster and perpetuate a 100 per cent Americanism."

This aim is one that all of us might well adopt. "Isms" of foreign extraction can appeal only to a public that is blissfully unaware of how drastically horrible the foreign "utopias" would be in actual operation.

Hence it is of paramount importance that everything be done to foster a deeper appreciation of America and American institutions.

Advise Californians On Winter Sports Activities

Californians are again planning to enjoy the snow sports season which will continue from now through March 15, generally, although lasting to July in some locations, according to the touring department of the National Automobile club. It is claimed that there is more doing and the scenery is more beautiful during winter than in summer, and consequently, regardless of age, many thousands will ski, skate, toboggan, slide and snow ball, or thrill to the precision maneuvers of slalom skiiers or the grace of ski jumpers, during the next few months.

Motoring is the most popular transportation to snow sport centers and drivers should heed the warnings and admonitions of the National Automobile club, which were compiled to assist in safely driving to and from the winter sports area.

Chains, of course, head the list of winter automobile equipment, for many have had their holiday ruined because of mishaps which could have been prevented by providing chains. Motorists attempting to enter snow areas without them, may be turned back.

Overnight visitors should remember to drain the radiator at night and leave the jets open, or a good anti-freeze solution should be used. Upon starting the motor in the morning, a fifteen-minute warm-up is recommended.

Ventilation is important, warns the National Automobile club, and motorists should keep at least one window partly open to prevent fogging of the windshield and drowsiness of the driver. This will also prevent carbon monoxide poisoning.

A little experimenting with the windshield wiper control will show that the blade of blades can be adjusted in speed to take care of any variation in snowfall.

Improperly adjusted brakes cause skidding on icy highways, which can be prevented by a brake test and having necessary repairs made before starting a trip.

Important and often repeated, is the warning that drivers in the snow country must have complete control over the automobile at all times and drive with extra caution, states the National Automobile club. It is particularly true that driving after drinking, when sleepy, ill or injured, is a great hazard.

It is well to notice the signs along the road in the event special warnings have been posted. The edge of the road is marked with orange colored poles and motorists should stay within the margins of these. Driving off the road, unless into a recognized parking area, is exceedingly hazardous.

Another matter of importance which should not be overlooked is wearing apparel. Recommendations as to styles, quality and quantity may be had from the usual sports goods, department and clothing stores. It is important to dress warmly. Essentials are proper footgear, socks, trousers, jacket, mittens and head covering—light weight, wind resistant and providing adequate warmth without bulkiness.

SOY BEAN RUNS AGAIN

Soy Bean, the flivver owned by Joseph Straughan, Cubmaster of Pack No. 141, has been reconditioned and is doing her bit again. All of the scouts and cubs are rejoicing over the event, for it means that happy times are here again.

Dear old Soy Bean is the wherewith for scouting trips and several are scheduled for January. Long run Soy Bean!

CUPID FAILS TO HOLD RECORD SET IN 1937

Although Cupid did a better job at making matches than divorces did in breaking them during 1938, he dropped below his record of 1937 in San Mateo county.

Notices of intention to marry totaled 890 during 1938 with 47 apparently changing their minds as only 843 licenses were issued. In 1937, there were 974 intentions filed and 919 licenses issued.

A total of 324 divorce actions were filed compared with 310 in 1937. Final divorce decrees of 1938 also topped the 1937 figure with 222 being granted compared with 217 of the previous year.

FORMER SM ENGINEER TO PLAN SHIPYARD

County Engineer U. S. Marshall, who retired officially last Saturday, appeared at his office Tuesday to congratulate M. A. Grant, his successor, and to wish him all success during his term of office. The two met on the sidewalk outside the office to shake hands.

Marshall disclosed that he has been retained by a group of San Francisco, Los Angeles and San Diego capitalists to plan a Pacific Coast shipyard for the construction of U. S. merchant marine vessels. The yards would probably be located near Los Angeles, Marshall said.

For the time being, his offices will be in San Francisco and he will continue to live in San Mateo county.

Christian Science Lesson Sermon

CHRISTIAN SCIENCE CHURCHES

In all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, a Lesson-Sermon will be read Sunday, January 8, on the subject "Sacrament."

The Golden Text will be: "The bread of God is he which cometh down from heaven, and giveth life unto the world" (John 6: 33). Bible selections will include the following passage from John 15: 5, 8: "I am the vine, ye are the branches: He that abideth in me, and I in him, the same bringeth forth much fruit: for without me ye can do nothing . . . Herein is my Father glorified, that ye bear much fruit; so shall ye be my disciples."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included, which reads as follows: "Though demonstrating his control over sin and disease, the great Teacher by no means relieved others from giving the requisite proofs of their own piety. He worked for their guidance, that they might demonstrate this power as he did and understand its divine Principle" (p. 25).

SHORT TALKS By Lloyd E. Ellis

Wherefore by their fruits ye shall know them."
(Matt. 7:20).

When one goes out into the field to select a plant, he judges it by the fruit which it bears. When he goes into the woods he admires a tree or other plant for the products which he may find thereon. The fruit of a plant is one of the surest means that can be used in cataloguing it, or placing it in its proper family, or species.

So it is with human beings. By their fruits—by deeds that they do, and by the manner of their lives and conversation—are men judged and known. It is an impossibility for a man to profess one thing and then live another and not be found out sooner or later. One's dark deeds will rise up to confront him in after years and men will learn the truth some time. Though one might fool his fellows for a time, yet the real person is known to God.

If one would bear good fruit—that which is pleasing to the highest in man and lovely before God—he should make his life pure and walk in the straightened way. He should let his thoughts dwell upon that which is holy and righteous. Out of the heart, the understanding, come the issues of life, and whatsoever shall come forth from the mind determines the character of fruit one bears. As you think, so are you; therefore, think good that you may live a righteous life.

Tale of Gambler

When gambling fever combines with the excitement of a political campaign the results have sometimes been stupendous. A startling instance has been encountered by the Federal Writer's project of the Works Progress Administration while compiling "California: A Guide to the Golden State," which will soon be published.

In San Francisco in the '60's there was a well-known character called "Little Zeke." Little Zeke was particularly well-known for two reasons; he took his politics unbelievably hard, and he sported a glass eye.

One year a spirited contest was raging for the office of chief engineer of the city fire department. Little Zeke was a hot partisan of candidate Jim Nuttman. Came election night, and Nuttman seemed almost sure to lose. Little Zeke sat in the campaign headquarters of the enemy, more and more dejected, but defiant to the last. Suddenly an opposition worker dashed in and yelled, "We win! We win!" At that, Little Zeke, struggling wonderfully to suppress the sobs which rose in his throat and would choke his utterance in spite of him, exclaimed:

" 'Well, boys, I (sob) am dead busted . . . have treated away all my money, but this eye cost (sob) fifty dollars (sob, sob), and I'll put that up agin twenty-five that Jim Nuttman wins, after all'

"As he said that, he ran his finger under his glass eye, and slipping it out of the socket, laid it defiantly down on the counter, glaring around at the crowd with a single optic and an unsightly hole in his head. One of the opposition was just hauling out his money to see Little Zeke on the glass eye bet, when one of Nuttman's friends came in said: "We give it up . . . Jim's beaten!" Whereupon, Little Zeke snatched up his eye, slipped it back into the socket, and started out on the run, while yells of laughter from the crowd made the building fairly shake."

Jaysee Students To Hold Elections

Back from the Christmas holidays, San Mateo Junior college students have turned to politics and next week will elect student body officers for the spring semester. At the present time 24 candidates are seeking election to seven important positions.

Also calling elections are the Associated Women Students, an organization of all the college coeds, and the Women's Athletic association, composed of all the girls interested in athletics.

January 9 will see the reopening of the college Adult center, the evening school that at the present time has an enrollment of 1200 students. The coming quarter is expected to see that total increased. On the new schedule of evening classes are five new subjects: modern art, creative writing, architecture, psychology, and American Red Cross first aid.

On the college calendar for the remaining weeks of the fall semester are a couple of dances, a men's club smoker, several conference basketball games, and a week of final examinations.

1938 Fatality Toll For S. M. Ends at 65

San Mateo county's traffic fatality toll for 1938 ended at 65—where it had stood since Christmas day—as New Year's eve passed without another fatality being recorded on Peninsula highways.

Several persons were injured in New Year's day accidents, however, six in one crash.

When George Crowe, 32, Santa Rosa, failed to negotiate a turn on Junipero Serra boulevard near Colma at 12:40 a. m. Sunday, his car turned over three times, injuring himself and five other persons. All were treated at Junipero Serra hospital.

cisco, incurred a foot injury when cars of her husband, Jack L. Olsen, 31, and Clifford J. Anderson, 24, San Francisco, collided at 2:15 a. m. Sunday on El Camino Real near Colma, the highway patrol reported.

Iva Fugina, Community hospital nurse, was reported injured in an accident at Grass Valley. Placed in a cast when it was discovered that her back was hurt, Miss Fugina was to be returned to San Mateo this week.

Mr. and Mrs. A. Johnson, Risel street, entertained as their house guests during the Christmas and New Year's holidays Mr. and Mrs. John Cherry and three children of Idaho.

Gross receipts of the East-West charity football game will run slightly over $100,000, William Coffman, director of the event, announced Tuesday of this week. The Shriners' crippled children's hospital, sole beneficiary, will profit to the extent of around $50,000.

Appoints Directors For District 1-A

George M. Keyston, prominent San Francisco broker and San Mateo resident, and Fred D. Parr, Richmond oil magnate and a resident of Atherton, were named last Saturday by Governor Frank F. Merriam as directors of Agricultural District 1-A.

As directors of the district, the two will be in a position to lead the campaign for completion of the "cow palace" at Bayshore City, the vast hall which was to have held exhibits during the 1939 Exposition this year.

Bert Sooy, another director of the agricultural district, which comprises San Francisco and San Mateo counties, has been very active in seeking the completion of the "cow palace."

Another appointment made last Saturday by Governor Merriam was the naming of Archie Closson of Lodi as state athletic commissioner for two years.

Mr. and Mrs. James Burgard, Colma, are the proud parents of a son born December 15.

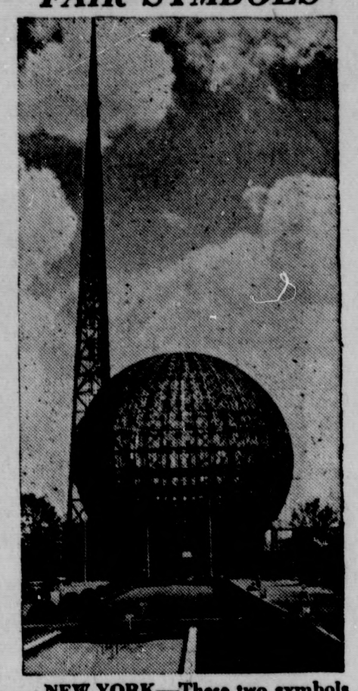
NEW YORK FAIR SYMBOLS



NEW YORK—These two symbols of the New York World's Fair are a Trylon, or towering shaft of three sides, and the perisphere, a great hollow ball. When completed this twinned structure will be the Fair's "center of gravity" and a guiding landmark for the 60,000,000 visitors expected to attend the exposition.

Jeff Hi PTA Makes Conference Plans

Executive board of Jefferson Union high school P. T. A. met Wednesday of this week at the home of Mrs. Lucy Nelson, Willits street. Luncheon was served before the meeting with Mrs. Nelson and Mrs. Lillian Thomey as co-hostesses.

Those present were Tina Hollingsworth, Mary Crane, Martha Linden, Lillian Smith, Alice Harding, Flossie Bentley, Eva Page, Marge Woodside, Pearl Jones and Sue Sanders.

Plans were made for the Northend Conference of the seventeenth district to be held at Jefferson Union high school Friday, January 13. All P. T. A. members are invited to attend. Luncheon will be served in the school cafeteria.

A dessert luncheon and whist will be held Thursday, January 26, at the home of Mrs. Sue Sanders, 147 Woodrow street, at 1 p. m. Any one wishing to attend is cordially invited.

The next regular meeting of the unit will be held Wednesday afternoon, January 18, at the high school. There will be a program of special interest to the parents of freshman students.

David Nolan, 8, of Vale street, Colma, was treated for a fractured left elbow at the Villa sanitarium this week. The youth sustained the injury in a fall while playing near his home.

Hobart Page of San Diego avenue returned home Tuesday of last week after spending a month visiting his grandmother, Mrs. Irene Smith, at Laton, California. Hobart's cousin, Oliver Smith, returned with him and spent the New Year's holidays in Daly City.

General Pershing PTA Holds First Meet of New Year

First meeting of the year for a Daly City P. T. A. unit was held by the General Pershing P. T. A. in the school on Hanover street, Tuesday of this week. Mrs. Ilda Marquis presided.

Mrs. Orvilla Pauw, district home making chairman, was the speaker. Mrs. Pauw gave the audience some good rules on home making and caring for children.

Mrs. Rose Gardella, junior past president, reported on the December district meeting. Mrs. Ann Lucas, serving chairman, announced the date of the meeting for sewing class as Wednesday, January 11, at the home of Mrs. Ann Sino. Mrs. Sarah Nordgren was appointed chairman for the affair to be given for the graduates, Friday, January 20.

Mrs. Mazie Boyle, Mrs. Eva Carnevale and Mrs. Ann Sino were appointed to the committee for the whist to be held in the school on Wednesday evening, January 18.

Mrs. Rose Gardella reported that additional funds were necessary for the Life Membership. Another whist will be held in the General Pershing school on Wednesday afternoon, January 25.

Mrs. Marge Woodside was appointed to serve on a committee for a summer round-up of pre-school children to be held in the spring.

Refreshments were served following the meeting by the committee in charge.

The next meeting will be an executive board meeting to be held on Wednesday, January 25, in the school. Since February is Founders month the meeting will be held at the school in the evening. Mrs. Victoria Roussell, past district president, will be the speaker.

Mrs. Marquis urges all members of the executive board of General Pershing P. T. A. to attend the seventeenth district meeting to be held at Jefferson Union high school, Friday, January 13. This will be an all-day conference.

On Wednesday evening the following officers met at the home of Mrs. Marquis on Templeton avenue to audit the books: Mesdames Ann Eason, Ann Lucas, Edith Frazier and Eva Carnevale.

Local Ford Dealer Attends Meet

A. J. Bertini, manager of National Auto company, local Ford dealers, attended a dealer meeting last week at St. Francis Yacht club, San Francisco. Ford Motor officials outlined 1939 plans for merchandising, and dealers signed contracts for the new year.

Bertini reported that the automobile business outlook for the coming twelve months are exceptionally fine. He also reported that entertainment features after the business session were excellent.

Mrs. Minnie Rancatore, Evergreen avenue, entertained at dinner New Year's day having as guests Mr. and Mrs. Anthony Parmisano and children Corinne and Stanley, Mr. and Mrs. George Romiguiere and daughter Joan, Mr. and Mrs. James Reardon and children Marie, Arlene and James jr., Mr. and Mrs. Kenneth Hayden, Louis Parmisano, Miss Florence Rancatore and Thomas Rancatore.

Bing Crosby Has Horse-Loving Role In Comedy Coming to D. C. Theatre

Second Feature Will Star Bob Burns, Jean Parker

At last Bing Crosby, whose name is more closely associated with the turf than that of any star in filmdom, stars in a picture in which racehorses play a prominent part! It is the new Paramount comedy, "Sing You Sinners," which opens Sunday at the Daly City theatre with Fred MacMurray sharing the lead with Bing.

Although Bing has portrayed every kind of fellow, from a Princeton student in "She Loves Me Not" to a Hawaiian publicity agent in "Waikiki Wedding," he had to wait until now to play a role nearly approaching the one he has in real life, that of a good-natured, happy-go-lucky young man who would rather own a good racehorse than the Bank of England and whose greatest pleasure in life is a successful day at the track.

Second big feature on the bill opening Sunday, January 8, at the Daly City theatre is "The Arkansas Traveler." Bob Burns and Jean Parker head the cast.

"Music hath charms, even for savage minds," runs the old proverb, and this scene from "Sing You Sinners," opening Sunday, January 8, at the Daly City theatre, seems to prove it! When Bing Crosby, Fred MacMurray and Donald O'Connor go into action, Bing's racehorse, "Ligaroti," relaxes in order to get the full benefit of the serenade.

LOCALS

Alfred Winter, of San Diego avenue, was a member of the Letter carrier's band that played, Monday, at Kezar stadium in San Francisco at the Shrine East-West football game.

Mrs. Laura Pescaro, of Mission street, and Mr. and Mrs. Richard Pescaro, Niagria street, San Francisco, were dinner guests New Year's day at the home of Mrs. Cecelia Durlo, Valley street, San Francisco.

To Close Entry List for Show

The last minute rush of hundreds of dog enthusiasts to enter their favorite pets in the forthcoming dog show was on full swing today at the dog show headquarters, 40 O'Farrell street. The entry lists close tonight, but it was anticipated that because of the unprecedented number of entries coming in the deadline may be extended a few days.

The dog show, which takes place under the auspices of the Golden Gate Kennel club, January 14 and 15 at the Exposition auditorium, San Francisco, is expected to smash all records in the number of dogs to be exhibited.

To Launch Health Insurance Plan

Low cost health insurance, planned by the California Medical association, will be started first in the bay area, giving San Mateo county residents an opportunity to take advantage of the new service right from the start.

This was the announcement of Dr. Alson Kilgore, San Francisco surgeon, to the San Mateo County Medical society at a meeting last week in San Mateo at which the major item of business was the election of new officers.

Dr. Kilgore told the society that the corporation for the new insurance plan will be formed shortly after the first of the year. Actual benefits to subscribers will be available probably in from 60 to 90 days.

Because of the scope of the plan, designed to give the average person comprehensive health insurance within his means, the scheme will be worked out by districts before becoming statewide. The San Francisco Bay area is expected to be the first section to put the plan into action, Dr. Kilgore said.

New officers elected were Dr. N. D. Morrison, San Mateo, president; Dr. Carl Benninghoven, San Mateo, vice president; Dr. J. G. Bridgman, San Mateo, secretary, and Dr. Harper Peddicord, Redwood City, new director.

Dr. G. W. Cline, Mission street, who has been chief surgeon of the Kennecott Copper Corporation in Alaska for the past few months, arrived home December 31. Dr. Cline was detained in Alaska for two weeks because of bad weather but was finally able to reach the coast from the interior by ski plane.

Daughters of Israel Hold Installation

Daughters of Israel will hold a dinner and installation, Tuesday, January 24, at Kretch's, 1233 Golden Gate avenue, San Francisco. Newly elected officers of the organization who will be installed at the affair include: Mrs. Marian Plansky, president; Mrs. Jennie Markinson, vice-president; Mrs. Fannie Kanter, treasurer; Mrs. Bessie Gimov, secretary; Mrs. Helen Benjamin, conductress; Mrs. Anna Lutzker, guardian and Mrs. Jenny Pearlman, Mrs. Sadie Green and Mrs. Mollie Schneider, trustees. Installing officer will be Mrs. Mattie Ollcovich.

On Thursday evening, January 19, the Daughters of Israel will hold their regular monthly whist party at 67 Los Banos avenue, starting at 8:30 p. m. The public is cordially invited. Prizes and refreshments will be enjoyed. Mrs. Bessie Gimov is chairman of the whist this month.
